The Friends of Kadzinuni, (a Keyworth based charity) is taking an active part in the 'JOIN UP send my friend to school' campaign. We have already signed Kadzinuni Primary School up and in February the 1,000 Kadzinuni children will be making their chain by linking hands.

We have invited our local schools to take part also and from this raise enough money to build 2 classrooms at Kadzinuni.

Since primary education in Kenya became free the class sizes have risen dramatically so there are classes of about 80+ pupils to 1 teacher.

JOIN UP send my friend to school

The challenge is for everyone to join up and form the world's longest chain, so that world leaders can see how many children and teachers want every child to go to school.

There are still **80 million children who miss out on school because of poverty.**

For more information see www.sendmyfriend.org

Kadzinuni Primary School is located just a few kilometres north of the small town of Vipingo, about one hour's drive from Mombasa, Kenya.
